The Leaders of QHS

Principal
Larry Taglieri

Congratulations on a job well done! You have upheld the tradition of excellence that prevails at Quincy High School and displayed the spirit of what it means to be a President. Time and time again you have made us proud with your dedication to education and we took great joy in celebrating the successes you had in the classroom, on stage, as well as in the athletic arena. Cherish the friendships you have formed and always look back with pride on the years you walked the halls of QHS. Best wishes for all you wish to accomplish.

"TRADITION NEVER GRADUATES"

Vice-Principal
Ellen Murray

I grew up with my Dad saying, "What matters most is what happens next." What he meant by that is moments will come and go but how you handle them will become a part of who you are. When something went wrong I would think to myself, "Okay, what do I do next?" and I'd get to work on that. When something went right I'd think, "How do I make that happen again?" and I'd get to work on that. We learn as much from our failure as we do from our success and it's important not to be afraid of either and to have faith in ourselves that we can handle them both. After you receive your diploma, you should be proud of all that you have accomplished and relish in the fact that twelve years of hard work earned you your high school degree. In that moment, when you're feeling that pride, please ask yourself, "What happens next?" and get to work on that.

Dean
Karen McPartlin

To the Class of 2018

I wish you luck as you head off to your next adventure. Thank you for making Quincy High a special place to be.

You may never think about them and you might not have ever talked to anyone of these people during your time here at Quincy High, but they work hard to keep the school running smoothly. The custodians keep our halls clean, the cafeteria workers feed us, the office workers keep everything organized, and security keeps us safe. For the first time in Goldenrod history, we would like to thank those who go unnoticed or under appreciated!

From 6:00 in the morning through 11:00 at night, there are custodians working to keep Quincy High clean - sweeping our halls, restocking our bathrooms, Ctrl+Alt+Del-ing our messes.

"[The best part] is the enviroment; It's different everytime."

Bill Kolczewski, *head custodian*

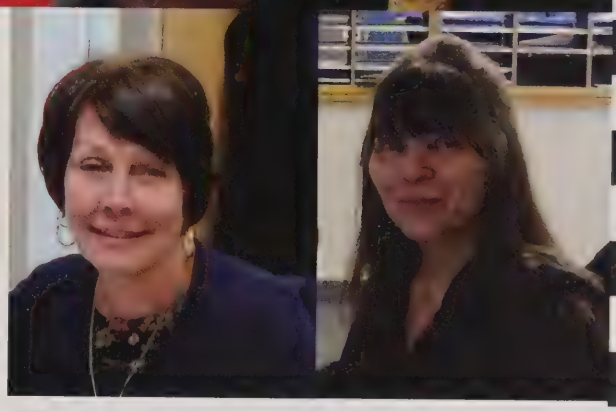
Ms. Mendes and her 9 cafeteria workers spend their mornings and afternoons preparing and serving lunches to more than 500 students. They also clean up those crumbs, sauces, and half drunken chocolate milks on the tables.

"We work together everyday and just try to put out a good product."

Christine Mendes, *head of cafeteria*

Working in the offices is more than moving and filing papers. They keep everything organized, register new students, organize events, and much more. They keep all the administrative details we never think about running smoothly.

"The dedicated support staff wish the seniors great adventures in their future endeavors!"



Security is here to keep Quincy High safe. They keep an eye on the 1500+ students and an eye out for anything out of the ordinary.

"Don't forget to say good morning!"

JUNIOR PROM

Class of 2018's Junior Prom was outstanding. The outcome of it was beyond expectations. Everyone had a blast and loved dancing with one another. The dance floor came alive and everyone excitedly danced upon it. The DJ played music that everyone enjoyed and he danced too. The best part overall was having the whole class of 2018 in one room spending time and dancing with each other.

The class of 2018 dominated Spirit Week for the second year in a row. During the rally as we all stood together. Happiness took over any ounce of stress and the problems away from that everybody had. This rally gave everyone a moment to express their school spirits in an extravagent way.

Special thanks to **Izadora Lenna**, **Melvin Gonzalez**, **Kadejah Roches**, **John Kelly**, **Cassidy Griffin**, and **Curtis Ajavon**.

"With four returning varsity players and a group of exciting newcomers, the Quincy High School girls basketball team proved themselves capable of competing with the best teams in the area this season. The girls finished their season at an impressive 13-7 record and qualified for the division 1 state tournament where they lost a close battle with perennial powerhouse Bishop Feehan High School. Highlights of the season were our double-digit victories over all three of the last seasons league champions.

Seniors Ro Molina and team captain Liana Cunningham provided steady leadership for the team and set the example for their teammates of what it means to be a team player and a competitor. Liana set the schools all-time record with 369 assists, shattering the previous mark of 205 held by Marybeth Tropey." -Jeffrey Bretsch

Led by senior captain Liana Cunningham, the Lady Presidents finished the season with a 13-7 record and qualified for the MIAA Division 1 South Tournament. The Hunchback of Notre Dame

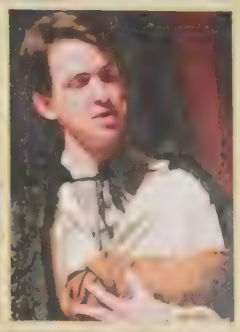
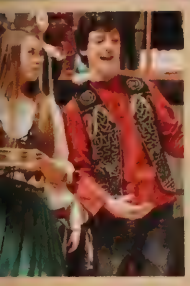
The Hunchback of Notre Dame was a break from the normal musicals that we choose at Quincy High. Over the past few years we have been producing fun upbeat classics from the 1950s and 60s. This year we broke into the contemporary Broadway musical with much darker themes. It was one of our biggest productions to date. The music was ominous with the chorus singing in latin, the scenery was eight feet in the air and gave us the view of the grand cathedral, and the action was full of dancing, fighting, and drama.

Although the material was challenging, this cast and crew have set a precedent that will be hard to top.





"Now here is a riddle to guess if you can sing the bells of Notre Dame: What makes a monster and what makes a man?"

- Director Margaret Spencer

Cultural Fair

Around the world in ONE day!

A festive celebration of food and culture, a project of cultural pride and exploration, the culmination of student efforts.

The air was abuzz with energy on April 10th when approxiamately 20 cultures converged on the gym floor for QHS's annual Cultural Fair. Tables flanked the gym, laden with objects of cultural significance, decorated trifold boards, and platters of enticing, sensational food! Before long, music filled the air and students filled themselves with paella, milk tea, cannoli, diri kole, tteokbokki, perogies, banh mi, croissants, and pastelitos. In the center of the festivities was an interactive art piece (thanks to Mrs. Carnahan and her students) where everyone was able to make their mark, via painted palms, on the world. The Cultural Fair lets the diverse population of QHS express their cultural identity and/or embrace a new one for a day.

The boys and girls tennis team has worked hard and played hard this year. They worked day and night to improve their abilities. Each swing of the racket is filled with enthusiasm and passion. The team holds each match with high integrity and sportsmanship.

The girl's team, led by team captain Erika Sato, faced every obstacle with beaming faces and strong determination and devotion. The boy's tennis team was led by seniors Jamie Nguyen and Tony Duong as well as junior Steven Pham. The boy's team improved a lot from the previous year as well.

Both teams trained over summer vacation, spring break, and countless other days with a great dedication. Senior Justin Li, although he joined sophomore year, has enjoyed every moment of it. All seniors plan to continue to play tennis after high school, either recreationally or competitively.

They had a productive season and hope to continue the progress next year. They hope the many new freshman players will have even more successful seasons in the future.

Senior Catlinh Le jokingly comments "You only miss 100% of the shots you serve."

Fashion Show

Lights, Glamour, Fashion!

This year's runway had junior and senior major collections from 12 seniors. There were many stunning pieces and lots of hard work put into every design.

Bright colors, reserved neutrals, slinky silks, and flowy tulle dazzled the audience as models sashayed down the runway. This evenng had been in the works since September. As the electronic music flowed and the house lights dimmed, the designs of Ms. Kaplan's fashion design and techology class were on full display. Senior designers; Juliani Teixeira, Kadejah Roches, Kat Casey, Neliza Baptista, Tiffany Hong, Kelly Vo, Michelle Lo, Emily Davis, Arianna Ortiz, Amy Chan, Jai Yi Han, and Cathleen Veiga stole the limelight with their collections. After the show, when Ms. Kaplan emerged to express her gratitude and how proud she was of her designers, she was promptly met with hugs from her departing seniors.

Senior Night Out

The party continued after Senior Prom! Everyone was pumped and excited for the entire night. The seniors indulged themselves in amazing raffles, endless Italian ice, a mock casino, and more! People got energized over the giant race track and the dance machine. While others just enjoyed a long game of Monopoly or Jenga. No matter what you did, there were smiles and laughter all about. Oh, and coffee... lots and lots of coffee.

2018 marked the first year students could decorate their caps. A lot of people used this momentous occasion to decorate their caps with inspiring, ironic, or downright whitty messages. Here are just a few of the countless designs.

I wanna thank my art teachers Ms. Reichel and Ms. Carnahan for being just wonderful teachers. They tought me a great amount of techniques to do with my art and how to structure it better. Art can take anyone in many different directions, good or bad. It just depends which you wanna take.

To Mrs. Kaplan:

Thank you for teaching me the skills I need to further my career in college.

- Michelle Lo

I would like to thank my English teachers (and Mr. Columb) for ruining and enhancing all books (and film) for me. It can be frustrating when I don't know how to analyze certain craft choices, but at least I can pick them out now and it makes me appreciate the works much more. I would also like to show some appreciation to my science and math teachers for giving me an idea of how and why the world works as it does, even if I don't remember every part of the heart or the math wizardry I've been shown. A special thanks to my history teachers for helping me feel smart when I watch time travel shows. Rapid fire shoutouts: Mrs. Carvalho for helping me throughout the college application process, Mrs. Bacchieri for emphasizing the importance of understanding the other POV, Mrs. McGinnity for letting me explore my interest in graphic design, Mr. Comer/Mr. Ikeda/Mr. Natalizia for just being cool, Mrs. Lundquist for the conversations, Mrs. Reichel and Ms. Hayes for their support of my developing art skills, and all the other teachers I inevitably forgot to highlight. *insert Oscars "play off" music* And a thank you to Mrs. McKenzie for being kind and helpful! - Andrea Weng

Thank you to Mrs. Ells for unconditional support in our 3 years together and for opening my eyes to a field that I love so much.

Thank you to Mrs. Hajrizaj for being my school therapist and always listening and helping me throught things no matter what.

- Gabby Bertoldi

Dear MS. Volta,
You have greatly helped me with my writing, both creative and opinion based. You have inspired me to be perseverant and listened to me when no one else could. Thank you for your support and your kind words. Thank you overall for being a friend.
Sincerely,
Luis Morales.

Lawrence Taglieri

To the Class of 2018,

Over the past four years you have grasped and embraced the importance of education and have formed friendships that will forever continue to grow and flourish. You continually make our school community proud with your successes in and out of the classroom and with your leadership. You have been models of excellence for our underclassmen and created a culture and climate of respect and acceptance that will continue for years to come. It has been a privilege to serve as your principal over the past four years and I wish you the best in your future endeavors. "Tradition never graduates."

Ellen Murray

Dear Class of 2018,

Every year I'm able to find a quote that reminds me of the graduating class. This year's quote is about moving forward, which all of you are.

"The Secret of change is to focus all of your energy not on fighting the old, but on building the new"
- Socrates

Congratulations!

Karen McPartlain

Class of 2018,
